Attachment C ALLOWABLE COST AND ELIGIBLE ACTIVITIES

I. **CATEGORIES AND ELIGIBLE ACTIVITIES**

According to the 2016 EMPG Funding Guidance (last updated May 2016) allowable costs are divided into the following categories: **training, exercise, and equipment**.

A. **Training**

EMPG Program funds may be used for a range of emergency management-related training activities to enhance the capabilities of local emergency management personnel through the establishment, support, conduct, and attendance of training. Training activities should align to a current, Multi-Year TEP developed through an annual TEPW.

Training should foster the development of a community oriented approach to emergency management that emphasizes engagement at the community level, strengthens best practices, and provides a path toward building sustainable resilience.

EMPG Program funds used for training should support the nationwide implementation of NIMS. The NIMS Training Program establishes a national curriculum for NIMS and provides information on NIMS courses; Sub-Recipients are encouraged to place emphasis on the core competencies as defined in the NIMS Training Program. The NIMS Training Program can be found at <http://www.fema.gov/training-0>.

For additional information on review and approval requirements for training courses funded with preparedness grants please refer to the following policy:

http://www.fema.gov/media-library-data/1115d44e06367bb89510aafbe79c1875/FINAL_GPD+Training+Three+for+Free+Policy_09+10+13.pdf.

- i. Additional types of training or training related activities include, but are not limited to, the following:
 - a. Developing/enhancing systems to monitor training programs
 - b. Conducting all hazards emergency management training
 - c. Attending Emergency Management Institute (EMI) training or delivering EMI train-the-trainer courses
 - d. Attending other FEMA-approved emergency management training
 - e. State-approved, locally-sponsored CERT training
 - f. Mass evacuation training at local, state, and tribal levels
 - g. Training focus areas for Citizen Corps and CERT for FY2020 are:
 - a. Damage Assessment
 - b. Shelters
 - c. Disaster Survivor Assistance
 - d. Emergency Operation Center Training

Allowable training-related costs include the following:

- h. **Funds Used to Develop, Deliver, and Evaluate Training.** This includes costs related to administering the training: planning, scheduling, facilities, materials and supplies, reproduction of materials, and equipment. Training should provide the opportunity to demonstrate and validate skills learned, as well as to identify any gaps in these skills. Any training or training gaps, including those for children and individuals with disabilities or access and functional needs, should be identified in the Multi-year TEP and addressed in the training cycle. Sub-recipients are encouraged to use existing training rather than developing new courses. When developing new courses Sub-recipients are encouraged to apply the Analysis Design Development and Implementation Evaluation (ADDIE) model for instruction design.
- i. **Overtime and Backfill.** The entire amount of overtime costs, including payments related to backfilling personnel, which are the direct result of

attendance at FEMA and/or approved training courses and programs are allowable. These costs are allowed only to the extent the payment for such services is in accordance with the policies of the state or unit(s) of local government and has the approval of the state or FEMA, whichever is applicable. In no case is dual compensation allowable. That is, an employee of a unit of government may not receive compensation from their unit or agency of government AND from an award for a single period of time (e.g., 1:00 p.m. to 5:00 p.m.), even though such work may benefit both activities.

- j. **Travel.** Travel costs (e.g., airfare, mileage, per diem, and hotel) are allowable as expenses by employees who are on travel status for official business related to approved training.
- k. **Hiring of Full or Part-Time Staff or Contractors/Consultants.** Full or part-time staff or contractors/consultants may be hired to support direct training-related activities. Payment of salaries and fringe benefits must be in accordance with the policies of the state or unit(s) of local government and have the approval of the state or FEMA, whichever is applicable.
- l. **Certification/Recertification of Instructors.** Costs associated with the certification and re-certification of instructors are allowed. States are encouraged to follow the FEMA Instructor Quality Assurance Program to ensure a minimum level of competency and corresponding levels of evaluation of student learning. This is particularly important for those courses which involve training of trainers.

B. Exercises

All EMPG-funded personnel are REQUIRED to participate in no less than three exercises in a 12 month period.

i. Allowable exercise-related costs include:

- a. **Funds Used to Design, Develop, Conduct and Evaluate an Exercise.** This includes costs related to planning, meeting space and other meeting costs, facilitation costs, materials and supplies, travel, and documentation. Sub-Recipients are encouraged to use free public space/locations/facilities, whenever available, prior to the rental of space/locations/facilities. Exercises should provide the opportunity to demonstrate and validate skills learned, as well as to identify any gaps in these skills. Gaps identified during an exercise including those for children and individuals with disabilities or access and functional needs, should be identified in the AAR/IP and addressed in the exercise cycle.
- b. **Hiring of Full or Part-Time Staff or Contractors/Consultants.** Full or part-time staff may be hired to support direct exercise activities. Payment of salaries and fringe benefits must be in accordance with the policies of the state or unit(s) of local government and have the approval of the state or FEMA, whichever is applicable. The services of contractors/consultants may also be procured to support the design, development, conduct and evaluation of exercises.
- c. **Travel.** Travel costs (e.g., airfare, mileage, per diem, hotel) are allowable as expenses by employees who are on travel status for official business related to the planning and conduct of the exercise activities.
- d. **Supplies.** Supplies are items that are expended or consumed during the course of the planning and conduct of the exercise activities (e.g., gloves, non-sterile masks, and disposable protective equipment).
- e. **Implementation Homeland Security Exercise and Evaluation Program (HSEEP).** This refers to costs related to developing and maintaining an exercise program consistent with HSEEP.

- f. **Food and beverages.** Food and beverages may be purchased for CERT/Citizen Corp programs only if the following request is sent to Volunteer Florida for processing through the Division of Emergency Management to Department of Financial Services. The request must be made to the Division 25 days prior to the event and must include the following:

- Exercise/Event Title;
- Exercise/Event Date;
- Estimated Number of Participants that will be fed
- Brief Description of exercise/event;
- Copy of Exercise/Event Schedule;
- Sign in sheets of all participants that attended the exercise. This will be used to determine if the State of Florida per diem guidelines are allowable.

- g. **Other Items.** These costs are limited to items consumed in direct support of exercise activities such as the rental of space/locations for planning and conducting an exercise, rental of equipment, and the procurement of other essential nondurable goods. Sub-Recipients are encouraged to use free public space/locations, whenever available, prior to the rental of space/locations. Costs associated with inclusive practices and the provision of reasonable accommodations and modifications that facilitate full access for children and adults with disabilities are allowable.

ii. **Unauthorized exercise-related costs include:**

- a. Reimbursement for the maintenance and/or wear and tear costs of general use vehicles (e.g., construction vehicles) and emergency response apparatus (e.g., fire trucks, ambulances). The only vehicle costs that are reimbursable are fuel/gasoline or mileage.
- b. Equipment that is purchased for permanent installation and/or use, beyond the scope of exercise conduct (e.g., electronic messaging signs)
- c. Durable and non-durable goods purchased for installation and/or use beyond the scope of exercise conduct

C. Equipment

- i. Allowable equipment categories for the EMPG Program are listed on the web-based version of the Authorized Equipment List (AEL) at <https://www.fema.gov/authorized-equipment-list>. Unless otherwise stated, equipment must meet all mandatory regulatory and/or FEMA-adopted standards to be eligible for purchase using these funds. In addition, agencies will be responsible for obtaining and maintaining all necessary certifications and licenses for the requested equipment. Allowable equipment includes equipment from the following AEL categories:

- a. Personal Protective Equipment (PPE) (Category 1)
- b. Information Technology (Category 4)
- c. Cybersecurity Enhancement Equipment (Category 5)
- d. Interoperable Communications Equipment (Category 6)
- e. Detection Equipment (Category 7)
- f. Power Equipment (Category 10)
- g. Chemical, Biological, Radiological, Nuclear, and Explosive (CBRNE) (Category 11)
- h. CBRNE Incident Response Vehicles (Category 12)
- i. Physical Security Enhancement Equipment (Category 14)
- j. CBRNE Logistical Support Equipment (Category 19)
- k. Other Authorized Equipment (Category 21)

If Sub-Recipients have questions concerning the eligibility of equipment not specifically addressed in the AEL, they should contact their CERT Program Manager for clarification.

II. **MAINTENANCE AND SUSTAINMENT**

- A. The use of FEMA preparedness grant funds for maintenance contracts, warranties, repair or replacement costs, upgrades, and user fees are allowable under all active grant awards, unless otherwise noted.

EMPG Program grant funds are intended to support the Goal and fund activities and projects that build and sustain the capabilities necessary to prevent, protect against, mitigate the effects of, respond to, and recover from those threats that pose the greatest risk to the security of the Nation. In order to provide Sub-Recipients the ability to meet this objective, the policy set forth in GPD's IB 379 (<http://www.fema.gov/grant-programs-directorate-information-bulletins>) (Guidance to State Administrative Agencies to Expedite the Expenditure of Certain DHS/FEMA Grant Funding) allows for the expansion of eligible maintenance and sustainment costs, which must be in: (1) direct support of existing capabilities; (2) must be an otherwise allowable expenditure under the applicable grant program; (3) be tied to one of the core capabilities in the five mission areas contained within the Goal, and (4) shareable through the EMAC. Additionally, eligible costs may also be in support of equipment, training, and critical resources that have previously been purchased with either federal grant funding or any other source of funding other than DHS/FEMA preparedness grant program dollars. Additional guidance is provided in FEMA Policy FP 205-402-125-1, *Maintenance Contracts and Warranty Coverage Funded by Preparedness Grants*, located at: <http://www.fema.gov/media-library/assets/documents/32474>.

B. **Unallowable Costs**

- i. Prohibited Equipment: Grant funds may not be used for the purchase of Prohibited Equipment. Refer to Information Bulletin 407 *Use of Grant Funds for Controlled Equipment* for the complete *Prohibited Equipment List*. For additional information on Prohibited Equipment see Executive Order (EO) 13688 Federal Support for Local Law Enforcement Equipment Acquisition (<https://www.gpo.gov/fdsys/pkg/DCPD-201500033/pdf/DCPD-201500033.pdf>), and the Recommendations Pursuant to Executive Order 13688 (https://www.whitehouse.gov/sites/default/files/docs/le_equipment_wg_final_report_final.pdf).

 - a. Expenditures for weapons systems and ammunition
 - b. Costs to support the hiring of sworn public safety officers for the purposes of fulfilling traditional public safety duties or to supplant traditional public safety positions and responsibilities
 - c. Expenditures for weapons systems and ammunition
 - d. Activities and projects unrelated to the completion and implementation of the EMPG Program

In general, Sub-Recipients should consult with their CERT Program Manager prior to making any investment that does not clearly meet the allowable expense criteria established in this Guidance.
