

NOMINATION
FOR
EMPLOYEE OF THE
MONTH

Rafael Rodriguez
Employee Name

Diesel Generator Specialist
Job Title

Utility/maintenance
Department/Division

Is hereby nominated for the Employee of the Month Award for the reasons stated below:

There are several well deserving individuals in the Utilities Department for praise and recognition for their consistency, hard work and quality customer service. Rafael Rodriguez is one of the most deserving. Rafael exemplifies the type of employee every department needs, he is a highly skilled diesel generator specialist; dedicated and conscientious and he applies a tremendous amount of pride in his work and in the service he provides to the city and Utility Department. Rafael is one of our most knowledgeable and responsible Diesel mechanics on staff and is always willing to respond when called out at any hour of the night or weekend.

Rafael continues to add value to the Utility Department for his ability to be proactive and identify ways that the Utility department could save cost on our preventative maintenance program for our emergency generators and still maintain a high level of service, quality and reliability. Rafael has very high standards for the conditions and operations of the city emergency generators and holds our contractors and vendors to those same standards and for these extraordinary efforts we request that Rafael Rodriguez be recognized as the employee of the month.
