Hi Paul & Teresa,

We apologize for a delay in our reply, and we would like to update you regarding the status of improvements for the Pat Salerno Drive and Sawgrass Expressway interchange and our commitment to this interchange. We continue to be very much interested in this interchange.

The County and the City of Sunrise have been in discussions with our lobbyist, Ron Book, to see how we may work with the State to discuss with Governor DeSantis the previous commitments from the past administration to fund the construction of this interchange. We have been working for the last three weeks to schedule time with Governor DeSantis' Chief of Staff, Shane Strum, to get this on his and the Governor's schedule to be discussed. We expect these discussions will take place next week.

We are hopeful that Mr. Strum, who is from Broward County, will convey the importance to the Governor that this interchange is to Broward County's business community and to honor previous commitments.

Broward County and the City of Sunrise would request your patience in resolving this matter with Governor DeSantis before the Turnpike Enterprise finalizes and locks down its design for the planned improvements to the Sawgrass Expressway. Mr. Book has had discussions during the transition process with Mr. Strum. We appreciate your continued help and patience.

Thanks,
Lary Mahoney
