Re: Basis & Justification for Consultant Selection for Professional Engineering Services for the City of Sunrise and City of Plantation Interconnect and Watermain Extension; PA-26-001-BE

The Utilities Department assigned professional engineering design services to BCC Engineering Inc. for assistance with design, permitting and bidding services for the City of Sunrise and City of Plantation Interconnect and Watermain Extension project.

Basis

The City of Sunrise and City of Plantation Interconnect and Watermain Extension project is part of the City's Five-year Capital Improvement Program with funding available for this fiscal year for design services.

Justification

BCC Engineering Inc. has provided the City a reasonable proposal for these design services related to this project and is capable of performing the services based on their experience and availability. This assignment has been evaluated for compliance with the objective of equitable distribution of work to the various design consultants under the Continuing Services Agreement, and it is consistent with that objective.
