Panthers on the Prowl

Donation Terms & Conditions

By making a donation and receiving a panther statue, the donor agrees not to display the panther statue in commercial or business locations in any way that implies a business association with Florida Panthers, Amerant Bank Arena, the American Cancer Society, or any of their respective affiliates (the "Entities"). The donor further agrees not to decorate, adorn, or otherwise modify the panther statue with any marks, logos, symbols, or representations associated with the Entities ("Marks") if the panther statue is displayed or used in any commercial or business setting.

Examples of prohibited displays include:

• Using the panther statue in any promotional materials that suggest a partnership with any of the Entities.

• Examples of prohibited use of Marks on the panther statue if the statue is displayed or used in any commercial or business setting include, but are not limited to:

• Adding any logo of the Florida Panthers to the statue.

• Painting the statue with colors or designs that resemble branding for any of the Entities.

• Using the American Cancer Society's logo on the statue.

• Incorporating copyrighted designs or symbols from any of the Entities.

• Placing the panther statue in a storefront window to attract customers if the statue features any Marks.

Time To Design Your Panther!

This guide will provide you with all you need to know to design your own Panther.

If you would like to connect with a local artist, please contact Sabrina.Fonseca@cancer.org to request an artist.

Mediums

Exterior latex paint is recommended for best results and longevity against the weather. Any paint can be used if covered with a **polyurethane clear coat** to protect it from the weather.

Security

Brackets and bolts* may be added to the feet for extra stability or to attach to a specific surface. Keep this possibility in mind when creating your design and the specific location where you want it displayed.

**Hardware not included*
