January 2026 Youth Athlete of the Month
Recreation Soccer

Athlete: Cleyanna Dorvil
Coach: Supreme Dorvil

Cleyanna Dorvil is an 8-year old student in the Accelerated Academy and a participant in the Sunrise Recreation Soccer Program.

Comments from her Coach:

At just eight years old, Cleyanna demonstrates a passion for soccer that is far beyond her years. She has been playing since she could walk, and her dedication to mastering the game shows in every practice and match.

Cleyanna is a gifted fourth-grade student who consistently makes the honor roll, balancing academic excellence with her athletic commitment. On the field, she stands out as both a leader and a team player. She also plays for the Sunrise Surf travel soccer team, where she has served on the captain squad and leads by example through her discipline, sportsmanship, and work ethic.

Within the recreation soccer program, Cleyanna is one of only two female players on her team who have chosen to play in the boy's program and she has earned tremendous respect through her skill, strength, and competitive spirit. Her footwork is exceptional, and she dominates both as a striker and a defender, always giving her best effort to support her teammates.

In addition to soccer, Cleyanna also competes in tennis at the 12U Level 6 Division and has already won a regional title. Her commitment, resilience, and leadership make her a standout athlete and an inspiration to her peers. It is a privilege to coach her and witness her growth both on and off the field.

Athlete: Maximus Ubillus
Coach: Jhon Ubillus

Maximus Ubillus is a 10-year old student at Franklin Academy and a participant in the Sunrise Recreation Soccer Program.

Comments from his Coach:

Maximus always goes above and beyond to help his teammates. He is always thinking of others first and when any of his teammates are not feeling well he always offers to switch positions to help his teammates and ultimately the team. Maximus displays excellent sportsmanship and leadership. He always offers guidance and takes the initiative.

Maximus is involved in the community through volunteering at church, with seniors and at the food bank. He aspires to be an entrepreneur one day, as he is now selling lemonade in the summer and hot cocoa in winter.

I am proud to celebrate with Maximus as he receives this well-deserved recognition.
