Upon receiving an objection, the Department shall provide an opportunity to resolve the dispute by mutual agreement between the parties using a negotiation process to be completed within 7 calendar days from the Department's receipt of the objection. Completion of the negotiation process is a condition precedent to any legal action by Provider or the Department concerning this Contract. Nothing contained in this section is construed to limit the parties' rights of termination specified in this Contract.

E. Indemnification and Limitation of Liability

1. Indemnification:

- a. This section is not applicable to contracts executed with State agencies or subdivisions, as defined in section 768.28, Florida Statutes.
- b. Provider is liable for and will indemnify, defend, and hold harmless the Department and all of its officers, agents, and employees from all claims, suits, judgments, or damages, consequential or otherwise and including attorneys' fees and costs, arising out of any act, actions, neglect, or omissions by Provider, its agents, or employees during the performance or operation of this Contract or any subsequent modifications thereof, whether direct or indirect, and whether to any person or tangible or intangible property.
- c. Provider's inability to evaluate liability or its evaluation of no liability will not excuse Provider's duty to defend and indemnify the Department. Only adjudication or judgment after the highest appeal is exhausted specifically finding Provider not liable will excuse the performance of this provision. Provider will pay all costs and fees related to this obligation and its enforcement by the Department. The Department's failure to notify Provider of a claim will not release Provider of the above duty to indemnify.
- d. Nothing in this Contract shall be construed as the Department agreeing to indemnify the Provider.

3. **Limitation of Liability:** For all claims against the Provider under the Contract, and regardless of the basis on which the claim is made, the Provider's liability under the Contract for direct damages will be limited to the greater of \$500,000.00, the dollar amount of the Contract, or two times the charges rendered by the Provider under the Contract. This limitation will not apply to claims arising under the Indemnification paragraph contained in section E.1. above. Unless otherwise specifically enumerated in the Contract, or where such limitation is unconscionable under law, no party will be liable to another for special, indirect, punitive, or consequential damages, including lost data or records (unless the Contract requires the Provider to back-up data or records), even if the party has been advised that such damages are possible. No party will be liable for lost profits, lost revenue, or lost institutional operating savings. The Department and the State may, in addition to other remedies available to them at law or equity and upon notice to the Provider, retain such monies from amounts due Provider as may be necessary to satisfy any claim for damages, penalties, costs, and the like asserted by or against them. The Department and the State may set off any liability or other obligation of the Provider or its affiliates to the Department or the State against any payments due to the Provider under the Contract. Nothing contained herein negates the sovereign immunity protections provided to State agencies or subdivisions, as defined in section 768.28, Florida Statutes.

- F. Insurance:** To maintain insurance sufficient to adequately protect the Department from all liability and property damage and hazards that may result from Provider's performance under this contract. Provider must always hold such insurance during the existence of this Contract and any renewal(s) and extension(s) of it. Upon execution of this Contract, unless it is a state agency or subdivision as defined in section 768.28, Florida Statutes, Provider accepts full responsibility for identifying and determining the type(s) and extent of liability, workers compensation, and property damage insurance necessary to provide reasonable financial protections for Provider and the clients to be served under this Contract. The limits of coverage under each policy maintained by Provider do not limit Provider's liability and obligations under this Contract. Upon the execution of this Contract, Provider must furnish the Department written verification supporting both the determination and existence of such insurance coverage. Such coverage may be provided by a self-insurance program established and operating under the laws of the State. The Department reserves the right to require additional insurance as specified in Attachment I.

- G. Safeguarding Information:** Provider will not use or disclose any information concerning a recipient of services under this Contract for any purpose not in conformity with State and federal law except upon written consent of the recipient or the responsible parent or guardian when authorized by law.

H. Assignments and Subcontracts

1. **Assignment:** Provider will not assign the responsibility of this Contract to another party without the prior written approval of the Department, which will not be unreasonably withheld. Any assignment or transfer otherwise occurring without the Department's approval will be null and void and the Provider will not be paid for such assigned services. This Contract will bind the successors, assigns, and legal representatives of Provider and any legal entity that succeeds to perform the Provider's obligations. The Department will be entitled to assign or transfer, in whole or part, its rights, duties, or obligations under this Contract to another governmental entity or as required under Florida law upon prior written notice to Provider.
2. **Subcontracts:**
 - a. Provider will be responsible for all work performed and all expenses incurred for this Contract. Provider will not subcontract any work contemplated under this Contract without the prior written approval of the Department. If the Department permits Provider to subcontract under this Contract, the Department will not be liable to the subcontractor for any expenses or liabilities incurred under the subcontract and Provider will be solely liable to the subcontractor for all expenses and liabilities incurred under the subcontract. If the Department permits the Provider to subcontract, such permission will be indicated in Attachment I. If Provider subcontracts any of the services performed under the Contract without obtaining the Department's prior written approval, such action will be null, and void and Provider will not be paid for such subcontracted services.
 - b. Unless otherwise stated in the Provider's Contract with the subcontractor, payments must be made within seven working days after receipt of full or partial payments from the Department in accordance with section 287.0585, Florida Statutes. Failure to pay within seven working days will result in a penalty charged against the Provider to be paid by the Provider to the subcontractor in the amount of one-half of one percent of the amount due per day from the expiration of the period allowed herein for payment. The penalty will be in addition to actual payments owed and will not exceed 15 percent of the outstanding balance due.

I. Return of Funds: Return to the Department any overpayments due to unearned funds or funds disallowed and any interest attributable to such funds pursuant to the terms of this Contract that were paid to Provider by the Department. If Provider or its independent auditor discovers that an overpayment has been made, Provider will repay the overpayment within 40 calendar days without prior notification from the Department. If the Department first discovers an overpayment has been made, the Department will notify Provider in writing of such a finding. Should repayment not be made in the time specified by the Department, Provider will pay interest of one percent per month compounded on the outstanding balance after 40 calendar days after the date of notification or discovery. The Department reserves the right, in its sole and exclusive discretion, to recoup Provider's unearned funds from any invoice submitted under this Contract or through collection proceedings.

J. Transportation Disadvantaged: If clients are to be transported under this Contract, Provider must comply with the provisions of Chapter 427, Florida Statutes, and Florida Administrative Code, Chapter 41-2 and submit reports as directed by the Department.

 - a. The state of Florida, through its Department of Management Services (DMS), has instituted MyFloridaMarketPlace, a statewide procurement system. If automatic deduction is not possible, Provider will pay the Transaction Fee pursuant to Florida Administrative Code, Rule 60A-1.031(2).
 - c. Provider will receive a credit for any Transaction Fee paid by the Provider for the purchase of any item, if such item is returned to Provider through no fault, act, or omission of Provider. Notwithstanding the foregoing, a Transaction Fee is non-refundable when an item is rejected or returned, or declined, due to the Provider's failure to perform or comply with the specifications or requirements of this Contract. Failure to comply with these requirements will constitute grounds for declaring the Provider in default and recovering reprocurement costs from the Provider in addition to all outstanding fees. A Provider delinquent in paying transaction fees may be excluded from conducting future business with the State.
5. **Alternative Contract Source:** This Contract may be used as an alternative contract source, subject to approval from DMS, pursuant to section 287.042(16), Florida Statutes and Florida Administrative Code, Rule 60A-1.045.

If an individual has already been screened by the Provider, then a written attestation confirming that the individual has completed and cleared the drug screening must be submitted to the Department prior to contract execution. If an individual has not been drug screened, notify the Department immediately. No individual can begin work under this Contract until they have been cleared by the Department.
 - b. If at any time while performing services under this Contract reasonable suspicion exists to believe that the Provider's staff, which includes, but is not limited to, Provider's officers, agents, employees, subcontractors, or assignees, are under the influence of or impaired by drugs, the Department reserves the right to require the individual to undergo drug testing. The Department may require the individual to cease performing services pending drug test results.
